

OUTCOMES

- Providing the pupils with SEN the skills and knowledge necessary to express themselves
- Providing the pupils to learn and experience the simple or complex interconnections of different areas of life.
- Introducing a new methodological framework, practical applications & supporting website and a cooperation networking based “cyber-community”
- Creating -an open access resource (e-platform & support e-community, Project results 1-2) for participant people & organizations, and for all who want to access and use our practices, methods&applications.
- Adapting/transferring our real sphere activities to e-platforms for daily usage of families
- Developing a networking cyber-space & virtual community for mutual cooperation & engagement of all schools, teachers, students, families & artists.

The target of this project are:

- **People/pupils with SEN & DAS**
- **Teachers**
- **Families**

E-ducation Platform and Practices For
E-Specially Arts-Abled Schools and Families

Project Brochure

This Brochure was produced as result of the project "E-ducation platform and practices for specially arts-abled schools and families" number 2021-1-ES01-KA220-SCH-00027905 and the European Comission is not responsible of the contents and opinions of authors

OBJECTIVES

- To change the customary approaches of the teachers/people/children with SEN themselves/ their families to disabilities & SEN.
- To create a methodological framework that will provide all the participants -especially pupils SENs themselves- a new pedagogical & didactic perspective for knitting/amalgamating Arts with SENs.
- To set up a new, transnational e-platform consisting of plans/lectures/practices of different art activities and SEN interrelated with each other to improve academic and social success levels of our pupils with disabilities
- To Setup a “support website” to serve as a resource for families of pupils with SNE that will contain the adapted usable/applicable-at-home-formats of the practices, activities and methods of the project.

arts-abled is an Erasmus+ Project co-funded by the European Union, a Cooperation Partnership in the field of School Education (2021-1-ES01-KA220-SCH-00027905)

Project results

PR1. Methodological Framework, Practices For Interconnecting Arts & SNE - Setting Up An E-platform

PR2. An Innovative Supporting & Networking Website For Families/Care-givers Based on Adaption Of The Framework & Practices
